

# STORM WINES

---

## 2020 Santa Maria Valley Presqu'ile Vineyard Sauvignon Blanc

The Presqu'ile Vineyard is located on the Solomon Hills on the Southern edge of the Santa Maria Valley. The cool Pacific Ocean breeze coupled with old marine floor soils makes this site perfect for growing cool climate Sauvignon Blanc. The 2020 bottling was aged for 6 months on the lees in 100% Acacia wood.

### Tasting Notes

The wine boosts fresh cut jalapeño, gooseberry and honeysuckle on the nose with juicy stone fruit on the palate; and held together by a firm acidity and long-lasting minerality.

### Production Details

- 100% Presqu'ile Vineyard
- Organic farming
- 100 cases produced
- Marina sandy loam soils
- Picked: 09/10/2020
- 6 months aging on lees
